Not every mobile game should be about battle and conflict. The best game tycoon will allow you to flex your management skills and brain power to do something more constructive. Tycoon games - which include everything from business simulators to city builders - let you uncover the tycoon inside. Found your own mega-corporation, build a city from scratch, or sail the star dark space in search of luck with the best tycoon games for your iPhone or Android device. The best tycoon games for Android and iOS

Pocket City (Image credit: Codebrew games) Pint-sized city builder without traps free to play monetization, Pocket City captures the magic of proper urban planning games like SimCity, but in a \$3.99 mobile friendly package. As mayor of a young city, it is up to you to see the needs of your citizens by installing roads, zones and utilities to attract new residents while keeping an eye on your tax revenues, expenses, traffic jams, and other variables. It may sound like a handful, but a lot of information is available in easy-to-read infographics and diagrams. With a quick look at the needs and challenges of your city, you can get to waste no time on solving the issues that pop up. Pocket City includes a progression system that opens up new buildings and upgrades as you level your city; There is also a light layer of sidequests and goals to suit as your city continues to grow. Download **Pocket City: Android, iOS**Project **Highrise** (Image credit: Kalypso Media Group)Build the skyscraper of your dreams in project Highrise, \$3.99 building management sim, which has made the leap from PC to mobile devices and to our list of the best games tycoon. You build, manage and develop your own high-rise tower within hours of gameplay, which includes adding restaurants, shops, apartments and offices, all trying to balance the budget and keep your tenants happy. Players can participate in various story scenarios or play the game in sandbox mode, and the mobile version of the game comes with all the additional content added to the PC version, such as Tokyo Towers, Miami Malls and Las Vegas Expansion Packages. Download **Project Highrise: Android, iOS**Tropico (Image credit: Feral Interactive) It's time to lead people to prosperity in Tropico, the infamous tongue-in-cheek tycoon game that puts you in command of your own Island Cold War paradise. As the newly elected ruler of the island, you will have to balance your economy, tourism, global considerations and local politics by doing everything you can to stay in power and secure a bright future for your island nation. Featuring a redesigned interface for tablet games, Tropico includes a basic and cutting-edge tutorial to quickly show budding dictators the ropes, while the campaign mode has you achieving your goals and unlocking new ones To play in. you can crash into the shoes of historical presidents, revolutionaries and dictators, or even customize your own avatar features and unleash them on the world into an expansive expansive Mode. The \$11.99 game also works on phones, although you'll need a new device with some serious horsepower under the hood to keep up with Tropico.Download **Tropico: Android, iOS**Stardew Valley (Image credit: Chucklefish Limited) For something less intense than deciding the fate of entire countries, check out Stardew Valley, a hit indie-agricultural RPG that finally made the leap from PC to mobile. In this \$7.99 download, players inherit a swollen old farm that they can turn into their dream farm. You plant crops, harvest and reinvest your profits in expanding the farm and adding livestock. The game is more than just agriculture though, with a nearby community to visit and make friends, fishing spots to explore, and caves full of monsters and resources to check out. Download **Stardew Valley: Android, iOS**Graveyard Keeper (Image credit: tinyBuild)Graveyard Keeper isn't really your everyday tycoon game. Transported to a fantasy world, you find yourself managing down on his happiness rural cemetery. Like Stardew Valley, but with a painful sense of humor, Cemetery Keeper you try to milk most of the profits from every opportunity such as selling organs, meat and blood to deceased merchants and less scrupulous types to serve as sausages for the next festival. You will explore the surroundings to discover new resources and technologies so that you can create new decorations and improvements to slowly decorate your cemetery and attached church. While the technical trees and craft may seem perplexing, the \$9.99 Cemetery Keeper Awards players wanting to explore its spooky world. Download **Cemetery Keeper: Android, iOS**Farming Simulator 20 (Image credit: Giants Software)Stardew Valley is not the only choice among the game's best tycoon to let you try your hand at farming. At \$5.99 Agriculture Simulator 20, you check out your green thumb in a hardcore farming sim that's all about delivering a crisp but delightful mobile farming simulator. Players plant and harvest different varieties of crops, manage livestock and get behind the wheel of a fleet of high-quality agricultural vehicles from various real tractor manufacturers. You can play through a game of solo with AI assistants providing backup, but the game also supports local multiplayer via Wi-Fi or Bluetooth.Download **Farming Simulator 20: Android, iOS**RollerCoaster Tycoon Classic (Image credit: Atari)RollerCoaster Tycoon Classic marks the return of the classic theme park management game by combining RollerCoaster Tycoon 1 and 2 in one \$5.99 mobile port that distributes with in-app purchases and advertising monetizations. As the owner of your own theme park, you will take the lead in laying the signature American your park of attractions. You can stick to pre-created rides, or take the lead in developing your own stomach lurchers. You can also lay out landscapes, amenities, food and drink shops, as well as transportation trips. The game includes 95 95 RollerCoaster Tycoon 1 and 2 scripts, as well as in-app purchases, can unlock additional extensions such as Wacky Worlds and Time Twister extensions, and Toolkit, which allows you to create and share your own theme park scenarios. Download **The RollerCoaster Tycoon Classic: Android, iOS**Star Traders: Frontiers (Image credit: Trese Brothers) The Trese Brothers return to the distant future with star traders: a borderline, rollicking interstellar adventure that is also one of the game's best mogul-like classics like Elite and Privateer. As the heir to the Star Trader charter, it is up to you to decide what you will do with your ancestral vessel as you navigate through a dangerous sector of space. Will you go after dangerous bounty, explore alien worlds, haul valuable cargo, or dabble in the politics of the warring factions of the sector? While the original Star Traders RPG was pretty low on audio and visual frills, the \$4.99 Frontiers is a huge improvement, with customizable ships, captains and crew members that you can take to battle or to the nearest trading port. Download **Star Traders: Frontiers: Android, iOS**Prison Architect (Image Credit: Paradox Interactive)Design, build and manage your own high security lock in a free mobile version of the prison architect. Players take responsibility for everything from stacking cell blocks to managing staff and saving the place from unrest. You will need to balance the happiness and needs of the staff and your inmates, while at the same time keeping an eye on security risks - all while trying to keep your young operation within budget. The game takes a freemium approach on a mobile phone, with players given the basics of the campaign; more chapters of the story and characteristics of the game become available through in-app purchases. Download **Prison Architect: Android, iOS**Concrete Jungle (Image credit: ColePowered Games)For a slightly more abstract take on the best tycoon games, check out Concrete Jungle, which uses tile styling and deck mechanics to mimic urban planning challenges. Players must balance housing, the economy and the costs of developing their city. Homes and apartments score points, while factories and economic buildings can affect the expense of adjacent tiles. As your economy grows, you can unlock advanced maps with powerful abilities, but as you use more and more expensive tiles, the minimum score requirement for each number of buildings increases. The \$4.99 game comes with a fully voiced single player mode, custom games and even competitive mode where opposing planners try to score points by interfering with another player's plans. Download **Concrete Jungle: Android, iOS**Steam: Rails to Wealth (Image credit: Acram Digital)Another excellent board game port that also flags theme controls \$4.99 Steam: Rails to wealth challenge players to become the richest rail baron ever by connecting routes and moving goods while still edging out your competitors. Competitors. In turn, players take credits to fund their operations, bet on turn, and build tracks, develop cities, and create supplies, while carefully splitting the proceeds between investing for future improvements and collecting winning points for the endgame. The app has different levels of AI complexity, as well as support for pass-through and gaming local multiplayer games. Download **Steam: Rails to Riches: Android, iOS**Big Chief (Image credit: Unpleasant laughter) \$2.99 Big Chief almost seems like a parody of the best game tycoon, taking the light approaching the dispatch of corporate culture. The game combines Tinder-like swipe gameplay for the first time reigns, but with a Muppets-esque cartoon aesthetic. Every turn, one of your employees shows up with a brilliant idea (which can also be silly, illegal, or perhaps just boring). Swipe right to take, or swipe left to shoot, and then you'll see

how your decisions affect your relationship with the public, your employees and shareholders. It's just fun, which is good for a few laughs. Download Big Chief: Android, iOSGame Dev Story (Image credit: Kairosoft) Just as it says in the title, Game Dev Story gives players the opportunity to create their own story as a game developer. Of course, the story basically involves assigning employees to create a video game with statistics of driving results. But it's still pretty addictive, especially if you have some knowledge of the video game industry and its history. This inside the baseball element gives the game a lot of appeal, but what keeps you playing the Dev Story game is that you seek to wait for results: waiting to see what your staff is putting on and performing critical praise (or frustrating critical drubbing). The Android version costs \$2.49, while iOS players will have to pony up \$4.99.Download Game Dev Story: Android, iOSTransport Tycoon (Image credit: 31X) Even with the addition of a modern touchscreen user interface, this is not exactly the most attractive game in our best list of game moguls. However, if you give it a fair shake, the \$6.99 Transport Tycoon will consume the whole afternoon. With the business loan you need to pay soon, you will start buying vehicles and building infrastructure on your way to becoming the emperor of land, sea and air travel. Each level is a scenario with its own transport problems to solve, but also act as an open sandbox to deal with. If you love the freedom to experiment and obsess over details, the transport tycoon is for you. Download Transport Tycoon: Android, iOSFiz: Brewery Management Game (Image credit: Bit By Bit Studios)Beer fans will be working up a mighty thirst with Fiz: Brewery management game. As head of your own micro-brewery in this \$1.99 download, you with a tiny operation selling small batches to local shops. As you grow in experience and develop new brewing recipes, you can make a name for yourself in brewing competition, discover larger markets and improve your facilities and staff. For the cute darling The look and feel of the chiptune is a decent stat engine in Fiz, allowing you to tinker with the quality of your beer, track sales figures and feedback and run market research in your quest to become a powerhouse brewery. Download Fiz: Brewery Management Games: Android, iOSGolf Club Manager (Image credit: Webink24)Take control of the finances of a struggling golf club and turn it around into a championship-worthy course at a \$1.99 Golf Club Manager. You will need to carefully marshal your tiny earnings at the beginning, which requires some strategic thinking when it comes to upgrading your club facilities, spending on advertising and amenities, and building the reputation of your 18-hole course. While the graphics at Golf Club Manager are pretty basic, there's a good amount of crunch to work here that should provide an interesting experience for business game enthusiasts and golf fans with strategic bent. Download Golf Club Manager: Android, iOS (Image credit: Sega)Stat addicts will get a blast from Football Manager 2020 Mobile, the latest in Sega's long-term football sim series. You are in the manager's position of your own club, making great choices when it comes to hiring, training and trading your star players while creating the perfect line-up and tactics for each match. You can choose from 60 different leagues in 21 different football powers countries, including the debut of the Danish and Greek leagues in the franchise. You need more than football know-how to triumph as you also have to manage training, trading, and strategy on and off the field while keeping fans, players and owners happy and your club's bottom line in the black. This \$8.99 version is built for smartphones, but the more expensive Football Manager Touch is perfect for tablets. Download Football Manager 2020: Android, iOSMotosport Manager 3 (Image credit: Playsport Games) The Motorsport Manager series provides a strategic but affordable take on Formula 1 racing, and the latest entry, the \$1.99 Motosport Manager 3, adds GT and endurance racing to the mix. You steer your racing team to victory by finding winning drivers, negotiating contracts and investing in the kind of research and development that gives your team better rides. You also handle race tactics and pit stop strategies. Supplements in this version of the tycoon's best game for racing fans include the ability to vote on rule changes, invitation tournaments, and dynamic AI teams. And if you've dreamed of racing in Monaco, Motorsport Manager 3 finally brings that venerable course to your smartphone. Can you build your own racing dynasty and dominate the track while keeping your budget balanced and your sponsors happy? Download Motosport Manager 3: Android, iOSThe Westport Independent (Image credit: Coffee Spot Publishing)Taking inspiration from the documents Please The Independent is both a political parable and a business simulation game that puts you at the newspaper editor's desk carefully fine line between telling the truth, selling newspapers and appeasing the censors of the Loyalist Party. Each week players choose different stories to show as well as edit their content to make it more acceptable, appealing, accurate or obscene. Once you've installed a layout, fixed advertising, and sent it to the press, sit back and pay attention to how your staff writers respond, as well as check mail, propaganda, and thinly veiled threats from censors and readers. Can you avoid closing loyalists? And can you shape Westport's fortunes with the power of the news? These are pretty big questions to answer this \$4.99 download. Download Westport Independent: Android, iOSBest tycoon games for iOSHipster CEO (Image credit: Getchoo Creations)Hipster CEO is a tongue-in-cheek parody of the startup world that puts you in the place of a budding entrepreneur to make your way in the world. The game is a \$1.99 download from the iOS Apple App Store.Players start by selecting a product (such as mobile games, dating apps or file sharing) as well as the target market, and then you get a small amount of seed capital and employee and then it's up to you to get the ball rolling. As your startup evolves, you can hire more employees and professionals, train your staff or decorate the office and more, while keeping an eye on the bottom line while courting venture capital or holding out for foreclosures.
